4. Discussion

4.1. Political issues in society

Chairman Louis Chiu suggested setting a questionnaire about the thought of students in the Hong Kong Extradition Bill for the school to know more. Committee member Lau Tsoi Wing suggested to ask students about would they prefer and which method they would prefer for the other students who want to express their feelings at school, by providing some choices (e.g. having a democracy wall, calling the slogan etc). Committee member Kwong Lai Tung suggested that the school have a few rules wanted students to follow (such as not representing others) and ask if students would accept it or not. Advisor Mr Lai Chor Yin advised us to find the Principal and ask for the rules in detail in order to provide the most accurate information for students to choose but he agreed that we should ask students what will they prefer the school to do for them to express their feelings by providing some choice for the students. Also, advisor Mr Lai Chor Yin reminded us we have to think of the purpose of doing this questionnaire. Committee member Tsang Yee Ki recommended asking students if they have participated in any format of protest to express their feelings. Advisor Mr Lai Chor Yin suggested that this question might not be necessary because students may not want to tell us about their experience of protesting as some of them are illegal. President Louis Chiu said the deadline for the submission will be 25/10.

4.2 Redesign of school jacket

Chairman Louis Chiu said we do not have to make a questionnaire again for the redesign of school jacket because General Assembly did it in the past. Therefore, sub-committees are required to provide some Design for students to choose from. Questions about the design and the style which one will be made first. Chairman Louis Chiu answered Advisor Mr Lai Chor Yin the style may be designed first. Committee member Lai Yan Wang suggested that we should ask the school uniform supplier. Advisor Mr Lai Chor Yin said the pact with the recent school uniform supplier will end in the next year, so we should finish the whole project before the new pact will be signed. Chairman Louis Chiu said sub-committees need to start thinking of the design.

4.3 Ways to collect student's advice

Chairman Louis Chiu said we would like to collect more suggestions from students and focus on junior form students especially.

4.4 Other issues to be included in the coming Student Council

Chairman Louis Chiu pointed out four main points needed to be discussed. First, some students opined that the student ID card is not accepted in some stores. Therefore, Advisor Mr Lai Chor Yin suggested finding Mr Yung for the latest information directly. Secondly, students suggested cancelling the policy that the school does not allow students to wear accessories on the school bag. Chairman Louis Chiu said this issue may be discussed later in the student-teacher council. Thirdly, some pointed out that they would like the school to have a buffer time from 07:55 to 08:00. Advisor Mr Lai Chor Yin suggested that there was a similar case last year, and we can set a questionnaire to ask students if they prefer to shorten the recess or delay the school time in order to extend the lunchtime. At last, some opined that they would like to change the design and the material of the PE uniform. Committee member Lo Hiu Kwan suggested that school coat is more important and we have to handle it first because winter is coming. Committee member Tsang Yee Ki suggested changing the summer coat into hoodie because the

summer coat is not very popular among students because of its design. Advisor Mr Lai Chor Yin suggested us to set a questionnaire and ask for the students' opinion.
